“ We're going to miss your dad. I remember in 2005,our son Reggie was going through cancer and we spent most of his time in hospital at Duke. I came home that weekend and went to Church at MT.PILGRIM, I put my last dime in collection. I didn't know how we were going to go back to Duke on that Monday, as we were going to the car heard a voice say "HOLD UP SIS", it was your dad. He came and gave us money and said this will help your on the trip back. He was our ram in the bush. Your dad had a love for people especially the younger generation. All the boys called him uncle Lee. So many memories.Love you guys and will continue to pray For strength. and healing.

“ I'm going to miss him. He was a caring and loving person to all he came in contact with. If you didnt have money to buy food he would give you his last and did not expect it back. The numerous of times he would bring me corn from out of the field and I didn't have to ask for it. He showed love to his neighbors as well as his family. I thank God for the time that I got to know him. I pray God continue to bless and strengthen his family in this difficult time.
