“ I love you so much and this is the hardest thing I ever had to do, there are so many memories, you always had me and the children best interest at heart , you were a great husband, and father . We are going to miss you dearly but we know you are in a better place, you are resting at the feet of Jesus, that is what keeps my heart from hurting because I know you made it. I love you baby and I miss you.

“ There is so much I can say about my daddy. He was the best daddy that I could have ever asked for. He was so loving and loved sharing time with his family and fishing. He was always in the mood to have a good time with us. There are so many memories that he left me with that will keep a smile on my face for the rest of my time here. He will live forever in my heart and I will forever share my memories to carry on the spirit that he showed. I know that he is now before God giving praise and worship and that makes my heart smile. Daddy I love you more that you will ever know and I am glad that you were able to know and feel this love while you lived and that you were always here for your family. RIP
