“ *I'm so very sorry for the loss of your beloved family member. I had the pleasure of working with Davis at the Detention Center many years ago. From our first shift together, I immediately respected and admired him as a professional and leader. I really enjoyed the downtimes whether it was filled with deep conversations or the usual laughs that were never far away when he was around. I'll always consider him family. I pray that God gives you comfort in these trying times.*

“ I worked with Officer Davis for just over a year at the Detention Center. During that time not only was he my coworker, he was a mentor and friend to me. He was my brother in grey and we had many talks during our shifts, especially on our night shifts. All of us who were fortunate enough to know him and count him as our brother mourn the loss of such a kind, caring, funny man. I wish his family peace and love as they navigate their devastating loss.

“ My heart is heavy for the loss of Mr. Davis. A man of integrity and distinction. I will never forget our many recent positive conversations. I was doing some work for Brother Davis cutting some trees down in his back yard with an electric saw. The rain had flooded the back yard where I was working, I told Bro. Davis that I would buy a chainsaw to complete the job. He said " my brother I got a chainsaw I bought new and only used it once, I'll give it to you, consider it a gift, your like family to me. Man, that touched my heart how he sincerely wanted me to complete his work. As I was working the chainsaw malfunction while I was in the middle of cutting a tree. He stopped me from working for reasons beyond his control, but he assured me that he wanted me to complete the job which consists of erecting a fence and building a screened-in back porch. Just wanted to share this story to reflect on this brother's true character. Mr. Davis, I salute you, the memories will always be embedded in my heart.
