“ *He was one of my students at Grover. But the most memorable thing is him dancing at the flame with my family. He was truly unforgettable !*

“ *The news of Austin's passing has broken my heart. I was certainly one of his cheerleaders when he was in middle school. Whenever he had a problem he would always come straight to my office, whether he had permission or not. I am earnestly praying for his family and close friends. Death is rarely an easy thing to accept, but when someone leaves this earth this young, it seems to hurt all the more. To the family, as difficult as this may be, seek consolation in knowing that Austin had a positive impact on many lives. Rest In Peace, Austin!*

*Love,
