“ To the Hooker family and friends you have my most sincere and deepest condolences. I met Nanna about 23 or 24 years ago when she was at the Howell Center. When we first met there was something about her spirit that you couldn't help but to love. I'll never forget that she told that i had to ride in the back seat of the car when Denice a i would take her out in the country where i was raised to visit my Mom and family they also fell in love with her also after a few trips out there she told me that she wanted a small boom box with a c d player on it so Denice and i went to walmart and brought her one and after that from time to she would let me ride in the front seat of the car. Nanna loved life her family and gospel singing and she touched so many peoples life while she was here with us and i know that she will be missed by many. She was a miracle from birth and she live life to it's fullest. I thank God for allowing me to meet her and i will always remember.
