“ Ms. Deborah was a wonderful, giving, understanding person! We would always share long talks in which she and I both had the gift of gab; but our conversations had great content because we'd always talk about the Lord! The news of her passing came as a great shock to everyone including me, but one thing I can truly say, she loved the Lord and always gave Him the praise, glory and honor for what He'd done in her life! I take great comfort in knowing that although she's absent from the body, she's now present with the Lord, and her faith in Jesus has now been turned to sight! To Pam, I'd like to say and I'm sure that you know, your Mother was so very proud of you and all you've accomplished; however, you were her greatest accomplishment! To Monte, Punchie, Yolanda and Reggie, she loved you all and spoke of all of you in just about every one of our conversations! I do know that you all loved her dearly, too! Please take comfort in knowing that your Mother, sister, and auntie is safe in His arms and one day we who share in like-faith, we will see her again! Love, Ann Perry

“ My heart goes out to the family of Deborah Faye, (as I knew her). We were classmates and I would run into her from time to time. Her loss will be felt by many.

“ *Pam, I would like to send my condolences to you and your family on the passing of your beautiful mom and my dear friend Debra. I lost my father two weeks ago and remember the comforting words from Debra to me. I will deeply miss the phone calls we shared talking about our children and the good life they made for themselves. We always talked and laughed about back in the days when we belong to the First Class Social Club and how we gave each other our nicknames. ("Sunshine Debra") and ("Sweet D. Dot.") She also talked about the church she attended and the love and goodness of God and how she treasured the day when she got save and baptized. She will defiantly be miss but never forgotten through your daughter your light will continue to shine. Rest in peace "Sunshine" until we meet again.*
