“ *Sincere condolences to James Stanley's family. We were deeply saddened to learn of his passing today while visiting our cottage in Blounts Creek. We knew something was amiss when we drove past his tiny house (where my great-uncle Irving Taylor once resided) and saw the high grass and no sign of his vehicles. We will miss seeing him making the rounds at the Taylor Trailer Park. He was very gracious to always look in our little cottage next door and would stop by to chat a few minutes whenever we visited. He was a fine fellow. We visited his grave today to pay our respects-leaving two small stones to mark the visit as is our religious custom. Go with God, this good man.*

“ *Buneat, Carrie, Bit, Harry, & The entire Thompson family: My heart has always been tied to you all since I was a child visiting every summer from New Jersey. Time passes so quickly. It's been over 50 years since James and the Martin men were the coolest dudes riding tractors! The Martin family and the Thompson family were one in the same to me. My memory of James Stanley is of his smile and soft spoken spirit. I was saddened to learn last night of his passing. I love you all. Be encouraged and stay united as a family. May the peace of Abba Father YAHUAH bring you comfort. I love you all!*

*I am sadden today about James Stanley's passing. He was so kind and would stop by to visit with my husband Lee. I can say he was a friend to many and a very giving individual . I will forever remember him giving his support to me when my 15 year old niece passed away and how he supported the family in the fundraiser for her. He was always a neat dresser and humble guy. He will be missed and I am so sorry for this sweet person leaving us way to soon, but God knows best. Praying for the family and love you all. Artis & Edythe Williams*
