“ Jason was defiantly the life of the party! He always made everyone laugh , he was contagious to everyone around him, it has been an honor working with him and knowing him, the world will never be the same without him. I’m sorry that I didn’t get to say good bye or hold his hand on his last days but he knew that his family the ones who were there with him day in and day out loved him and he will be greatly missed ! I know god had taken him to his forever home and I will see him again one day !
