“ My big brother Peter, you always had a kind heart and was the same genuine person no matter what. Growing up, he always gave to us of himself and from what he had; and he gave with true joy. You never stopped making me laugh when I saw you. I could always count on him for a good joking back and forth conversation whenever we were together.
Peter, I will always remember the Christmas bags and the sweetness that came along with them —those memories still warm my heart even now. Rest well in His hands now.
I love you, brother. You will truly be missed.

“ *You were my big brother for 54 years and you had a genuinely good heart. You were always the same, direct and to the point but never with malice. I remember one time when I was a little girl and I had a bad dream that something happened to you and you made sure to come see me so I would know you were ok. Well you are better than ok now brother because you are safe and healthy with God. You will truly be missed. I love you Brother.*
