“ Family; hearing of Mona passing we too share your grief. On the behalf of (myself and UNC Healthcare employees) we offered our sincere condolences. I want to encourage you by saying when death take our love one a part of us goes with them and a part of them stays with us. We often wonder can we go on. Working with Mona one of her favorite saying was " you better knowit" she will run it together just like that. So I'm saying to the family, you can go on with support from family and friends but the best support is leaning on Jesus and "you better know it"
